

LITTLE FLOWERS

by Sligo

I offer a range of art services, from bespoke illustrated names to licensed artwork and full children's picture books. All my paintings are original watercolours with some digital additions and the work I do for each client is completely unique. As standard, I keep you updated throughout my sketching and painting process so that you are fully informed and completely happy with the end product.

THE PERFECT GIFT
Illustrated Names

Illustrated names make the perfect first birthday, christening or new baby gift.

The theme and colour palette is entirely up to you which means that the painting can be created to fit a particular room or space in the home. I can incorporate favourite toys, stories, pets and special places. The painting can also display special information such as dates, weights and times if you choose.

All my pictures are sketched and painted by hand and they take time to create. I minimum of three weeks is required when ordering for a special occasion.

FAMILY PORTRAITS

My digitally created pictures are a unique way to celebrate family. Each image is designed and sketched using photographs of your family members and then turned into a digital picture including your family name or any wording you require. I use a program that allows me to work in pen and paint but gives me the freedom to alter heights and details easily.

Family portraits are mounted as standard and can be framed for additional cost. I can also incorporate family pets.

Standard Mount - 25.3cm x 30.4cm (10" by 12")
Standard Mounted £75 inc. p&p
Framing £30

Floral Wreaths

Floral wreaths are painted in watercolour and can incorporate any flowers that you choose. They are the perfect wedding gift as photographs of the bride's bouquet can be used to create the perfect wedding keepsake.

Floral children's names and the flowers that indicate the changing seasons, also make beautiful wreath illustrations for birthdays, christenings and special occasions.
